SEVENTH YEAR.

MAYSVILLE, KY., WEDNESDAY, JULY 27, 1898.

ONE CENT.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can give away his counterpane or his goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

### A Continuation of Our \$7.65 SUIT SALE

We will continue to sell \$10, \$12 and \$15 Suits for \$7.65 during this entire month.

There are two reasons for this. One is that we find we have many more good suits to put in this sale than we thought we had. The other reason is that our many country patrons are in the midst of the heaviest work of the year and did not have an opportunity to avail themselves of these splendid bargains; hence, the sale continues during the month. Don't miss the opportunity of buying for \$7.65 a suit of clothes that would cost you \$12 to \$15 elsewhere, and at these prices you would not pay too much for them; they are worth it.

Respectfully,  
**HECHINGER & CO.**  
LEADERS IN FINE CLOTHING AND SHOES.

## THE BEE HIVE.

### A 20% Discount ON ALL DRESS GOODS.

For the next week we will offer thrifty purchasers a rare chance in Dress Goods buying. All of our great stock of Henrietta, Jersey, crepe, Poplin and chevrons in black and colors and all novelty goods subject to a discount of 20 percent. If you buy now it means a clear saving of 40 percent. Extra duty on wool, silk, etc., mean an advance of 30 percent, on women's goods next fall. Therefore, our 20 percent discount is always under others. This is a great opportunity for the prudent buyer. It entitles our ladies and your gals. But we want the best room and no summer dresses.

There are a few extra odds and ends in fancy stripes and checks, every one of 'em cash widths and of best grade silk.

The \$10.00 kind is now \$8.00 a yard.

The \$12.00 kind of regular \$10.00 value we've reduced to \$8.00 a yard.

### The Shirtwaist Sale.

The past week's shirtwaist business is proof, evident that you appreciate a really good bargain. We'll continue the sale for another week. The \$5 White and \$6.00 White are now \$3.50. All of our former \$10.00 White are now \$7.00, and a regular \$10.00 White reduced to \$6.00. But they are selling rapidly. You'd better come soon before they are picked over.

Black Band and Chesapeake Coal at Potomac prices at William Davis's, near Limestone Mill.

Rev. Dr. Alderson of Portsmouth will, for the month of August, fill the pulpit of a Presbyterian Church at Washington, D. C.

The infant son of Mr. and Mrs. Henry Devore died yesterday afternoon at the home of Mr. and Mrs. John Helmer on West Second street.

The C. and O. will run an excursion to Oligonunk Sunday, July 31st. Special train will leave Cincinnati at 8 a. m. Fare for round trip \$1.

The best grades of Kanawha and Semi-cannel Coal for less money than you pay for Potomac at William Davis's Coal Yard, near Limestone Mills.

The Ladies' Mite Society of the First Baptist Church will meet this evening at 7 o'clock with Mrs. A. R. Peirce, Limestone street. A full attendance desired.

Colonel W. C. P. Breckinridge will deliver an address on "The Causes Leading to the Spanish-American War" at the celebration at Flemingsburg Saturday next.

Don't fill your coalboxes with poor Potomac coal when you can get Black Band, Chesapeake or Semi-cannel Coal at the same price at William Davis's Coal Yard, near Limestone Mills.

When you start out to buy anything in the line of Jewelry, Watches and Diamonds don't fail to call at Murphy's the Jeweler. No better goods anywhere. Prices low. His repairing department is the best.

The Central Bank of Lexington, in cutting expenses to meet new demands, dispensed with its teller, reduced the cashier's salary from \$2,000 to \$1,250, and the individual book-keeper's salary from \$1,200 to \$800.

Since 1893 the United States Government has expended in the distribution of seeds and in the promulgation of statistics concerning them \$3,476,802. The cost of seeds and statistics on the seed question involves \$150,000 a year.

Mr. James Dills and family have moved to this city from Winchester and taken up their residence in the Ficklin property on West Second street. Mr. Dills will shortly open a store in the room adjoining Calhoun's grocery.

As a result of the many ten-cent subscriptions received through an endless chain letter system, a schooner left Bath, Maine, Saturday, with a cargo of 751 tons of ice, bound for Cuba. A large consignment of lemons, lemons, etc., were also purchased with the funds procured through the letters.

A survey of the powers of Europe since the beginning of the century to the end of 1896 Turkey had experienced thirty-seven years of war and fifty-nine years of peace; Spain comes next with thirty-one years of war and sixty-nine years of peace; France, nine years of war and eighty-one years of peace; Russia, twenty-four years of war and seventy-two years of peace; Portugal, three years of war and seventy-three years of peace; England, twenty years of war and seventy-nine years of peace; Germany (exclusive of Prussia), thirteen years of war and eighty-three years of peace; Sweden, ten years of war and eighty-six years of peace; Prussia, twelve years of war and eighty-four years of peace; Denmark, nine years of war and eighty-five years of peace.

In times of war the armies of European Nations can be raised to 3,968,730 men, and the daily expense will be nearly \$4,000,000, to say nothing of the destruction of life and property. During the most peaceful years the world has 3,700,000 soldiers, who pay, equipments, food and clothing cost the world's taxpayers nearly \$1,500,000 a day. The cost of the world's wars since the Crimean War has been \$2,638,000,000, or enough to give a couple of sovereigns to every man, woman and child on the globe. It is estimated that since the Christian Era began over 4,000,000,000 human beings have perished in war.

**Take Notice, Wheelmen.** Liberal premiums will be given at the Germantown Fair for amateur wheelmen, ladies and men. Show a little interest and this department will be greatly extended next year.

**Electric Park.** Did it ever occur to you why you should patronize the new Electric Park? For these reasons. You can enjoy a four mile ride, the only way to get cool, a comfortable seat in a cozy theater and the best and furthest show. You are helping to keep alive the structures, which are public conveniences and have done more to build up the Fifth and Sixth wards than anything ever started in our city. Ten cents is a small amount, and you get the best of the worth of your money. This week the vaudeville class is way up and the songs, acts and skits are sure to please you. The Varieties are clever, exceedingly clever, while the Deagans are old friends to us. Their concluding piece, "Illustrated Songs," is beautiful, touching and enjoyable. Go out tonight and see for yourself.

## TUNNEL CAVED

The Pleasant Valley Tunnel on the L. and N. Railway.

TRAINS NOW HAVE TO TRANSFER

The Pleasant Valley tunnel on the L. and N. Railway caved last night to such an extent that it will be several days before trains can pass through.

This will not seriously delay passenger travel, however, as a transfer will be made at that point.

Fortunately no one was hurt.

The little son of Editor M. F. Marsh is quite ill.

Semi-cannel coal at Potomac prices at Wm. Davis's, beyond Limestone bridge.

Mr. Stanley Watson's many friends will regret to learn that he is confined to his home with typhoid fever.

The heavy rain of Monday afternoon is reported to have done much damage in different parts of the county.

The Republican County Committee of Fleming met the other day and endorsed John S. Evans as Postmaster at Grange City.

Anna B. Howins of Muskogee, I. T., yesterday registered at the County Clerk's office as a practicing dentist. She bears a license certificate from the State Board of Dentistry of Kentucky, and will open an office in this city.

The Police raided the Dean "mansion" in the Fifth Ward again Monday night, arresting the whole party. They were armed and cuffed yesterday in Judge Wadsworth's Court. Better give them an out-of-town sentence of six months next year.

Win your battles against disease by getting promptly. One Minute Cough Cure produces immediate results. When colds and coughs are not promptly relieved, they lead to consumption, and in later stages it furthers prompt relief. Henry W. Ray, Postoffice Drug Store.

John Lewis, colored, aged 47 years, died about 5 o'clock this morning at his home on East Fourth street. He had been ill but a short time with a cold, which settled on his lungs, causing heavy consumption. He leaves a wife and three sons, Burt, Browning and Charley. The funeral will occur tomorrow.

### SUCCESSFUL OPERATION.

A Troublesome Growth Removed From Mr. William Pepper's Right Leg.

On the 9th day of last month Mr. William Pepper, traveling man for the firm of J. W. Watson & Sons, was in a small town in West Virginia, and desired to go to another small town several miles down the railroad.

There being no trains due for several hours, he took passage on a handcar that was going in that direction.

When a short distance from the desired point he fell off the car and bruised his right leg just above the knee, the bruise, however, being a very small one.

After his arrival home the leg began to give him trouble, and upon examination the bruise had developed into quite a serious sore, and after suffering several weeks with no relief in sight, he finally concluded to have an operation performed and the unusual growth removed, which had in the meantime grown to an alarming size.

Yesterday morning Dr. P. Gordon Snoot, assisted by Drs. C. C. Owens and John A. Reed, successfully removed the intruder, which immediately gave Mr. Pepper relief, and it is hoped he will soon be able to get on again.

**Deafness Cannot be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and if not treated at once, Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; none cures out of ear are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by local treatment. Send for circulars, free.

### A CALL TO THE PUBLIC.

Help the Y. M. C. A. Work Which is Going on in the Army.

Now that Maysville has contributed a number of recruits for the Volunteer Army the following letter, sent out by the State Executive Committee of the Young Men's Christian Association, will be of interest to our citizens.

**Dear Friend:** The Army Committee of the Young Men's Christian Association of Kentucky is urged, by those who have most carefully studied its work among our Kentucky troops now in the field, to place an Association tent in the Fourth Kentucky Regiment now mobilizing at Lexington, the tent to have all facilities for correspondence, religious services, etc., and be in charge of an experienced Secretary.

Colonel Colon has promised every possible support to the work if started in his Regiment. The results already accomplished in the First, Second and Third Regiments indicate God's favor. Shall the Fourth Regiment be likewise blessed?

To equip the Fourth Regiment and continue the work already begun in the three Kentucky Regiments requires \$200 each month.

We can only proceed as voluntary subscriptions are sent us. Will you not therefore present this matter to your people, enlisting their sympathy and prayers for these men exposed to all the perils incident to military life, and announce a collection to be taken the following Sunday?

Also urge individual subscriptions from citizens.

Hoping you will co-operate thus far, I am, most cordially,

J. C. LOOMIS,  
Chairman Army Committee.

position may even see little peculiarities of disposition in yourself which your father or mother possessed, and which were transmitted to you at birth. Just as we inherit their features, diseases and organs, so we inherit their feelings, so do we inherit their nature of soul.

Another way in which life is influenced by environment. Following the locomotion of 54 degrees around the globe, we have seen the influence of the highest civilization of every continent. Why have New York, London, Paris, Peking, Tokio, San Francisco and Chicago sprung up in this singleness of temperature? Is it not because nature here has been so kind to man? The development of the human race! While I do not believe with him who says "We are not what we would but what we must be," our environment makes us what we are. It is the force of the environment that I cannot fully conquer with him who exclaims "make your circumstances." Circumstances are made, and we are to make the best of them. It lies without the range of our powers to create a world, but it lies within the range of our powers to make the most of that which is created. Franklin could not make the lightning, but he could use its glittering arrows to do his bidding. Yet we are greatly influenced by our surroundings, and there are those who, like the poor beggar, are so miserably repaid us. As the little flower awakens its head in the shadows will it turn its face to greet the rising sun, so will our nature bend themselves towards
